

**RYNO Network Services, Inc.**

RYNO has provided 24/7 support on a national level for 17 years. Our service has been break/fix, maintenance for computers, routers, switches, POS systems. RYNO Network Services offers integrators, carriers and network equipment manufacturers a sensible alternative to maintaining and managing their own onsite field force. We have developed an extensive network of skilled, professional, technicians covering over 80 cities in 22 states across the U.S. These technicians are available for dispatch 24 hours-a-day, 7 days-a-week. We also supply techs for long term assignment to specific sights (Two years or better).
